## **SIEMENS**

Data sheet 3RF2190-1AA45

Semiconductor relay, 1-phase 3RF2 Overall width 22.5 mm, 90 A 48-600 V / 4-30 V DC screw terminal Blocking voltage 1200 V

| product brand name   | SIRIUS   |
|--|--|
| product designation  | solid-state relay  |
| design of the product  | single-phase   |
| product type designation   | 3RF21  |
| manufacturer's article number  |  |
| <ul><li>_1 of the accessories that can be ordered</li></ul>                                | 3RF2900-3PA88  |
| <ul><li>_2 of the accessories that can be ordered</li></ul>                                | 3RF2990-0HA16  |
| <ul><li>_3 of the accessories that can be ordered</li></ul>                                | 3RF2900-0EA18  |
| <ul><li>_4 of the accessories that can be ordered</li></ul>                                | 3RF2990-0GA16  |
| <ul><li>_5 of the accessories that can be ordered</li></ul>                                | 3RF2920-0FA08  |
| product designation  |  |
| <ul><li>_1 of the accessories that can be ordered</li></ul>                                | terminal cover   |

| <ul><li>_3 of the accessories that can be ordered</li></ul>                                | converter  |
| <ul><li>_4 of the accessories that can be ordered</li></ul>                                | load monitoring  |
| <ul><li>_5 of the accessories that can be ordered</li></ul>                                | load monitoring, basis                                     |
| General technical data   |  |
| product function   | zero-point switching                                       |
| power loss [V·A] maximum   | 118 VA   |
| power loss [W] for rated value of the current  |  |
| <ul> <li>at AC in hot operating state</li> </ul>   | 118 W  |
| <ul> <li>at AC in hot operating state per pole</li> </ul>                                  | 118 W  |
| <ul> <li>without load current share typical</li> </ul>                                     | 0.5 W  |
| insulation voltage rated value   | 600 V  |
| type of voltage  |  |
| <ul> <li>of the operating voltage</li> </ul>   | AC   |
| of the control supply voltage  | DC   |
| surge voltage resistance of main circuit rated value                                       | 6 kV   |
| shock resistance according to IEC 60068-2-27   | 15g / 11 ms  |
| vibration resistance according to IEC 60068-2-6  | 2g   |
| reference code according to DIN 40719 extended according to IEC 204-2 according to IEC 750 | K  |
| reference code according to EN 61346-2   | Q  |
| reference code according to IEC 81346-2  | Q  |
| Substance Prohibitance (Date)  | 05/28/2009   |
| SVHC substance name  | Lead - 7439-92-1<br>Lead monoxide (lead oxide) - 1317-36-8 |
| Main circuit   |  |
| number of poles for main current circuit   | 1  |
| number of NO contacts for main contacts  | 1  |
| number of NC contacts for main contacts  | 0  |

| tune of voltage of the energing voltage                                 | AC  |
|---|---|
| type of voltage of the operating voltage                                | AU  |
| operating voltage   |   |
| • at AC   |   |
| — at 50 Hz rated value  | 48 600 V                                  |
| — at 60 Hz rated value  | 48 600 V                                  |
| operating frequency rated value   | 50 60 Hz                                  |
| relative symmetrical tolerance of the operating frequency               | 10 %                                      |
| operating range relative to the operating voltage at AC                 |   |
| • at 50 Hz  | 40 660 V                                  |
| • at 60 Hz  | 40 660 V                                  |
| operational current rated value maximum                                 | 88 A                                      |
| operational current   |   |
| at AC-51 rated value  | 50 A                                      |
| <ul> <li>according to UL 508 rated value</li> </ul>                     | 50 A                                      |
| ampacity maximum  | 90 A                                      |
| operational current minimum   | 500 mA                                    |
| rate of voltage rise at the thyristor for main contacts                 | 1 000 V/µs                                |
| maximum permissible   | ·   |
| blocking voltage at the thyristor for main contacts maximum permissible | 1 200 V                                   |
| reverse current of the thyristor  | 10 mA                                     |
| derating temperature  | 40 °C                                     |
| surge current resistance rated value                                    | 1 150 A                                   |
| I2t value maximum   | 6 600 A²·s                                |
| Control circuit/ Control  |   |
| type of voltage of the control supply voltage                           | DC  |
| control supply voltage 1 at DC  |   |
| rated value maximum permissible   | 30 V                                      |
| • Tated Value Haximum permissione                                       | 4 30 V                                    |
| control supply voltage  | 7 00 V                                    |
