## **SIEMENS**

Data sheet 3RV6021-4AA10

Circuit breaker 16 A A-release 11...16 A, N-release 208 A, for motor protection, class 10, screw connection, standard switching capacity

| product brand name  | SIRIUS               |
|---|----------------------|
| product designation   | Circuit breaker      |
| design of the product   | for motor protection |
| product type designation  | 3RV6                 |
| General technical data  |                      |
| size of the circuit-breaker   | S0                   |
| power loss [W] total typical  | 7 W                  |
| power loss [W] for rated value of the current at AC in hot operating state per pole     | 3.1 W                |
| insulation voltage with degree of pollution 3 at AC rated value                         | 690 V                |
| surge voltage resistance rated value  | 6 kV                 |
| shock resistance according to IEC 60068-2-27  | 25g / 11 ms          |
| Substance Prohibitance (Date)   | 05/01/2012           |
| SVHC substance name   | Lead - 7439-92-1     |
| Weight  | 0.364 kg             |
| Ambient conditions  |                      |
| installation altitude at height above sea level maximum                                 | 2 000 m              |
| ambient temperature   |                      |
| during operation  | -20 +60 °C           |
| during transport  | -50 +80 °C           |
| relative humidity during operation  | 10 95 %              |
| Main circuit  |                      |
| number of poles for main current circuit  | 3                    |
| adjustable current response value current of the current-<br>dependent overload release | 10 16 A              |
| operating voltage   |                      |
| rated value   | 690 V                |
| at AC-3 rated value maximum   | 690 V                |
| operating frequency rated value   | 50 60 Hz             |
| operational current rated value   | 16 A                 |
| operational current at AC-3 at 400 V rated value  | 16 A                 |
| operating frequency at AC-3 maximum   | 15 1/h               |
| Protective and monitoring functions   |                      |
| trip class  | CLASS 10             |
| design of the overload release  | thermal              |
| maximum short-circuit current breaking capacity (Icu) at AC at 400 V rated value        | 55 kA                |
| operating short-circuit current breaking capacity (lcs) at AC at 400 V rated value      | 25 kA                |
| response value current of instantaneous short-circuit trip unit                         | 208 A                |
| Short-circuit protection  |                      |
|   |                      |

| product function short circuit protection                       | Yes   |                      |
|---|---|----------------------|
| design of the short-circuit trip                                | magnetic  |                      |
| Installation/ mounting/ dimensions                              |   |                      |
| mounting position   | any   |                      |
| fastening method  | screw and snap-on mounting onto 35 mm DIN rail accord | ding to DIN EN 60715 |
| height  | 97 mm   |                      |
| width   | 45 mm   |                      |
| depth   | 96 mm   |                      |
| required spacing for grounded parts                             |   |                      |
| • forwards  | 0 mm  |                      |
| <ul><li>backwards</li></ul>                                     | 0 mm  |                      |
| • upwards   | 50 mm   |                      |
| • at the side   | 30 mm   |                      |
| <ul><li>downwards</li></ul>                                     | 50 mm   |                      |
| Connections/ Terminals  |   |                      |
| type of electrical connection                                   |   |                      |
| for main current circuit  | screw-type terminals                                  |                      |
| arrangement of electrical connectors for main current circuit   | Top and bottom  |                      |
| type of connectable conductor cross-sections for main contacts  |   |                      |
| <ul> <li>solid or stranded</li> </ul>                           | 2x (1 2.5 mm²), 2x (2.5 10 mm²)                       |                      |
| <ul> <li>finely stranded with core end processing</li> </ul>    | 2x (1 2.5 mm²), 2x (2.5 6 mm²), 1x 10 mm²             |                      |
| tightening torque   |   |                      |
| <ul> <li>for main contacts with screw-type terminals</li> </ul> | 2 2.5 N·m   |                      |
| Electrical Safety   |   |                      |
| protection class IP on the front according to IEC 60529         | IP20  |                      |
| touch protection on the front according to IEC 60529            | finger-safe, for vertical contact from the front      |                      |
| Approvals Certificates  |   |                      |
| General Product Approval  |   | Test Certificates    |
|   |   |                      |
